

1 year*
warranty

RoyalCondor® La Plus.

The primary feature of this manual sprayer is its efficient piston-type external pump, known for its usual reliability. It boasts a compact and innovative design that is easy to clean and maintain with the "HerraPlus" tool. Most of its components are crafted from highly durable yet lightweight polymers, specifically engineered for demanding fieldwork.

External Pump **Manual Sprayer**

The Pro's Choice **For Commercial Sprayers**

FUNCTIONAL INFORMATION

- **Ergonomic Container:** Adjusts to the contour of the back. Made of HDPE, it's UV-resistant and impact-proof.
- **Lever:** 100% plastic lever with aluminum internal rod. Adjustable for left or right pumping, as well as for the body type: pump close to the body or part, as well as high or low range of motion.
- **External Pump:** Positioned in the back, the metallic pump is integrated with the pressure chamber. The system is protected with a removable cover.
- **Container Cap:** Quick and easy closure for a perfect seal.
- **Straps:** Curved, separate, padded, and adjustable. Equipped with a 2mm thick strap for greater comfort during heavy work.
- **Container Filter:** Enhanced filter design for quicker fill and to prevent splashing.

* Not included in the warranty: Container, Frame, Chamber, O'rings.

CONTAINER
5.25ga/20L

WORKING PRESSURE
30 to 60psi

WEIGHT
10.3lb/4.7kg
